Lisa Lambert
Vice President, Managing Director
Intel Corporation

Lisa Lambert is a vice president of Intel Capital and the managing director of the Software and Services Sector. Lisa is a voting member of Intel Capital's investment committee. Lisa joined Intel Capital in 1999. Prior to that, she held a Product Marketing Management position with Intel's Desktop Products Group with responsibility for the Pentium II, III processor family. Prior to joining Intel, Lisa worked as a software developer (1989-1992) and in strategic planning, product marketing, and sales (1992-1995) at Owens-Corning. Lisa is on the board of directors (observer) for VCE, LLC, Endeca, CollabNet, Zend Technologies and is a director at X+1, Inc. Lisa has invested in and managed exits from VMware (IPO), Financial Engines (IPO), Kingsoft (IPO), Enjoyor (IPO), Tobesoft (IPO), MySQL (acquired by Sun), DATAlegro (acquired by Microsoft), JBoss (acquired by Red Hat), Accertify (acquired by AMEX), OpenFeint (acquired by Gree), Jajah (acquired by Telefonica), and CPower (acquired by Constellation Energy), among others. Lisa has a MBA from Harvard Business School and a BS/MIS from Pennsylvania State University.
