

December 21, 2005

Dear Intel Customer:

Intel is announcing the discontinuance of the Intel® Server Board SE7210TP1SCSI and the Intel Server Platform SR1325TP1. You have two (2) months to place final orders for the discontinued products, and four (4) months to take final delivery.

This notification affects the product codes included below:

Server Boards

- SE7210TP1SCSI (SCSI base board, single pack)
- BTPSCSIBB (SCSI base board, 10-pack)
- SR1325TP1 (1U server platform)
- SR1325TP1NA (1U server platform with North America power cord)

Server Board Accessories

- AXXTPHS (1U heatsink)
- ATPA3HDUPKIT (HDD kit for 3rd SATA or IDE drive for Intel Server Platform SR1325TP1)
- AKASCSICABLE (SR1350-E SCSI cable and terminator)
- AXX1U2URAIL (Rail kit for SR1300/SR2300)
- FXXBRACKETS (Bracket kit)

Note: The Intel® Server Board SE7210TP1 (SATA base board, single pack) and BTPBB (SATA base board, 10-pack) will remain available through 2006. These board SKUs will be converted to comply with the RoHS specification and detailed information regarding this change will be published in a class 1 PCN in Q1 2006.

1. This product discontinuance notification is effective **December 30, 2005**.
2. Final purchase orders for the affected products must be placed by **February 28, 2006**.
3. The final quantity to be shipped must specify a customer request date (CRD) no later than **June 30, 2006**.

Final purchase orders are **non-cancelable and non-returnable**, notwithstanding any conflicting terms in our quotes, purchase order acknowledgment or Distributor agreements.

Intel recommends the Intel Server Board SE7230NH1-E or the Intel Server Platform SR1475NH1-E as suitable replacement products. Please contact your local Intel Sales Office or distributor if you require more information or need assistance in selecting a replacement product. Details regarding these products are also available at <http://www.intel.com/go/serverbuilder>.

Sincerely,

Intel Enterprise Platforms and Services Marketing
